

# KC3000 International Disputes Settlement Procedures

Yokohama  
YOSHII Atsushi  
Thu 4 / Fri 4

## 【Course Aim】

Purpose of this course is to acquire basic concepts of public international law, international dispute settlement and international criminal law and have sufficient knowledge to analyse actual international conflicts and disputes from legal point of view.

## 【Contents of Course】

This course first provides an introduction to public international law and introduces the basic concepts of law. Then the course focuses on the procedures used in international society to solve international disputes, such as international conciliation, mediation, good offices, arbitration and judicial settlement. The course also covers international crimes handled by the International Criminal Court.
